

## **AMITY HALL BOXERS PLACEMENT CONDITIONS**

### **1. Health Testing**

Sire and dam of our puppies have at minimum been heart tested for by Echo Doppler and Holter Monitor and thyroid tested. Additional testing may also have been completed.

### **2. Placement**

Our puppies will be placed into approved homes only. We have a genuine concern in where our puppies will be going and the families they will be entrusted with. Pet puppies are sold on a spay/neuter agreement and Limited AKC Registration. A fenced in yard is required and prospective families must agree to a home visit.

### **3. References**

We are more than happy to provide references upon request.

### **4. Show Puppies**

Any available show quality or show prospect Boxers will only be placed in homes that have a genuine commitment and interest to have their boxer shown. For more information on a show quality/show prospect puppy or showing in general, please contact us.

### **5. Health Guarantees**

We provide a two year health guarantee for SAS and Cardiomyopathy. It is required that once you receive your puppy, you have your own vet examine him or her within 5 business days of purchase.

### **6. Returns**

A full refund will be provided if your vet finds an issue within 5 business days of purchase that our vet missed and you decide to return the puppy within one week of purchase as a result of this exam. If at any age the Buyer decides they can no longer care for a Boxer purchased from us, the Buyer will contact Amity Hall Boxers for re-homing and not surrender this Boxer to a shelter or rescue.
